

# Wedding Dress Preservation FAQs

How much does it cost to clean  
and box my wedding dress?

The cost to clean and box your wedding dress is \$285. This price includes up to two accessories for free. Additional accessories cost \$20 each. Slips, shoes, and silk bouquets do not count as free accessories and cost \$25 each.

Can I just get my wedding dress  
cleaned and not boxed?

No, we are not currently offering this service. Our service is meant for brides who are looking to preserve their dress after their wedding has already taken place. We wouldn't recommend this service for people looking to have their dress cleaned prior to their wedding.

Where do I drop off and pick up my wedding dress?

To ensure your dress is transported and handled safely, we only accept drop-offs at our 4 store locations. We do not currently offer this service as a part of our pick up and delivery service.

Are you able to repair my wedding dress?

We can repair seams, replace buttons or snaps, or replace beads, sequins or pearls at an additional cost.

Are there any wedding dresses you can't clean,  
such as ones with lace or beading?

We are able to clean all wedding dress types including those with beading and lace.

When will I get my wedding dress back?

Your dress will be returned within 3 weeks and will be ready to be picked up at the same store you dropped it off. The store location will notify you by email when your dress is ready for pick up.
